A Summarized Research: "The Muslim Brotherhood Party, The Mother Of Takfeeri Organizations, Its Dangers And Devastating Effects Upon The Creed And Security Of Society"

All praise belongs to Allah and may the peace and blessings be upon the Messenger of Allah, his family, his companions and those that follow his guidance; to proceed:

I have indicated in the introduction of [my] research towards the efforts of the custodian of the two holy mosques; King Salman Bin Abdul Aziz - may Allah preserve him - and his Crown Prince Muhammad Bin Salman - may Allah preserve him - in preserving the society properly upon the Book of Allah, the Sunnah and the Manhaj of the Salaf of this Ummah.

And from [their efforts in preserving this] is their concern and sponsorship of the conference [titled] **'The Obligation Of The Saudi Arabian Universities And It's Effects In Protecting The Youth From Groups, Parties And Deviation'** under the leadership of Shaykh Sulayman Abul Khayl - the director of the Muhammad Bin Sa'ud university.

I chose to speak around this topic from the [different] subject matters from the conference [titled]: **'The Danger Of Parties And Groups On The Unity Of Society And Its United Rank.'** The research consists of the following elements:

The First Element: the understanding of Jama'ah according to the legislation, and the legislated texts which command to unite and forbid splitting and differing. I summarized the meaning of Jama'ah to be limited to two meanings: **1)** The Jama'ah is the main body from the people of Islam who are under the authority of the established ruler **2)** The Jama'ah is the companions and those who followed them in goodness from the Scholars and the common-folk who follow them, the second meaning clarifies the condition of the saved sect, the victorious group and also the destroyed sects.

The Second Element: The Muslim Brotherhood Party: its emergence or founding, upon the principles of Jamal ud-Deen al-Afghani the free mason and [it's] Hassaafi Sufi order: I referred to a detailed citation from the book **'Hostage To Khomeini'** and **'The Muslim Brothehood A British Creation'** authored by Robert Dreyfuss. In [the two books] there are historical accounts regarding the stages of the Da'wah of Jamal ud-Deen al-Afghani; his cooperation with the British intelligence agencies and his establishing of the first Masonic lodge in the east, then he followed that up with establishing secret organizations to deputize rulership and bring down the caliphate and Islamic legislation in the Islamic lands by way of revolutions and assassinations, [also] clarifying the stages of Muhammad Abduh's studentship of [Jamal ud-Deen al-Afghani] and his adoption of the Masonic ideology from him.

In the midst of this rubble Hasan al-Bannah founded the Muslim Brotherhood loaded with the ways [methodologies] of al-Afghani and Muhammad Abduh as Robert Dreyfuss said: "Muhammad Abduh used to assign sincere loyal members of al-Afghani's secret organization for the firmest handholds in every major position in the Islamic affairs of Egypt, he worked tirelessly supporting the growth of the secret movement which formed officially twenty years after his death, known as the Muslim Brotherhood."

I likewise referenced citations from [the book] *'Mudhakkiraat ad-Da'wah wad-Daa'iyah'* of Hasan al-Bannah where he chronicles his nurturing upon Tassawwuf [the methodology of the Sufis] during himself becoming saturated with the ideologies of the Hassaafiyyah, Shaadhiliyyah Sufi order, likewise his cultivation upon [the Muslim Brotherhood party's] different stages and roles, then he participated in establishing 'The Hassaafiyyah Charity Organization.'

Ahmad was chosen whilst he [Hasan al-Bannah] was elected secretary for the organization, he said: “I personally strove for the organization; for the sake of its mission a commendable struggle, then after that the Muslim Brotherhood then replaced this struggle.”

The Third Element: The Muslim Brotherhood organization - The mother of all contemporary Takfeeri groups, I clarified that the second spiritual guide of the Muslim Brotherhood after Hasan al-Bannah was Sayyid Qutb, he molded the Masonic ideologies of al-Afghani with the methodologies of Khurooj [rebellion against the Muslim ruler], Tassawuf, I’tizaal [the methodology of the Mu’tazliah] and the likes of it from the methodologies of the misguided sects in an Islamic fashion, adorned with enthusiastic statements to seize the hearts of the youth.

He [Sayyid Qutb] laid the foundation of excommunicating from Islam [whole] Islamic societies and putting the ruling upon them as being in pre-Islamic ignorance unrestrictedly.

I further clarified that the modern Khuwaarij organizations branched off from the Qutbiyyah al-Ikhwaaniyyah, and from the most significant of these organizations are: Takfeer wal-Hijrah, al-Jihad, at-Tahrir, as-Surooriyyah, al-Qaeda and ISIS.

The Fourth Element: The collusion between The Muslim Brotherhood party and the Raafidha Shi’ah to wreak havoc in the Islamic lands: I clarified that Hasan al-Bannah adopted the innovation of bringing together the Sunnah and the Shi’ah which al-Afghani called to, immediately after that Hasan al-Bannah participated in establishing a center of [trying] to bring together [Sunnah and Shi’ah] in Cairo.

The followers of [Hasan] al-Bannah traversed upon this way; watering down their speech towards the creed of the Raafidha Shi’ah, defending them, furthermore, when [Iran] established their state at the hands of Khomeini, [an Iranian] international organization sent a special delegation to the Muslim Brotherhood to give their oath of allegiance and show support to [Khomeini].

I clarified that Khomeini established his state upon polytheism, idolatry, worshipping of the dead, cursing and making Takfeer of the companions. Furthermore, I pointed out the 50’s plan of the Aayaat ush-Shi’ah in Iran which is to establish the Major Shi’ah state rather, the Persian fire-worshipping state on the ruins of the Islamic states in the span of 50 years. The Muslim Brotherhood are aware of the plot yet they are participating in making it a reality.

I cited the speech of Khomeini: **“We are going to wipe out Makkah and Madinah off the face of the earth, because these two cities have become the headquarters of the Wahhaabi’s, and it is a must that Karbala becomes the blessed sanctified land of Allah; and the prayer direction for the Muslims in their Salah.”** I further clarified the continuous misguidance of the Muslim Brotherhood party despite the manifestation of the heresy and disbelief of Khomeini [the Brotherhood still] supported him, mourned his death and considered him an Imam of the Muslims.

The Fifth Element: Selected verdicts from the Rabbaani scholars in their warning against the Muslim Brotherhood. I mentioned some of the religious verdicts and treatises of the scholars such as: Muhammad Hamid al-Fiqi, Muhammad al-Bannah, Ibn Baz, al-Albani, - may Allah have mercy upon them - likewise from; al-Luhaydan, al-Fawzan and Rabee Ibn Hadi - may Allah preserve them.

The Sixth Element: The destructive effects of the Muslim Brotherhood and whoever branched off from them, from the renegade groups upon the beliefs of the society and its oneness. I mentioned fourteen innovated foundations from the foundations of the Muslim Brotherhood party which contradict and conflict with the creed of the righteous predecessors. Furthermore, their conformity with the foundations of the people of misguidance, innovation and desires regardless of their different sects.

[I also mentioned] the extent of the effects [of the Muslim Brotherthood party] in corrupting the creed, I cited valuable speech of Shaykh Safi ur-Rahman Mubarakfoori - may Allah have mercy upon him - from his book ***'Political Parties In Islam.'*** Wherein he described the reality of the terrible effects of these parties upon the Muslim society.

I will conclude with the following summary: That the heads of the Muslim Brotherhood are at the forefront of destruction in the Islamic societies and the 72 sects threatened with the punishment of the Hell-Fire gather under the banner of the Muslim Brotherhood, and they are likewise an extension of the secret Masonic movements which were founded by Jamal ud-Deen al-Afghani in the Islamic lands dictated by the British intelligence agencies. Verily, the innovated foundations of the Muslim Brotherhood party ruin the beliefs of the Muslims, and they [the Muslim Brotherhood] have no concern except to gain authority/power in every Islamic land, even if [that means] the ruin of the Islamic Aqeedah and the removal and deactivation of the Islamic legislation. As well as clarifying that the followers [of the Muslim Brotherhood] are ticking time bombs in society.

Thus, it is obligatory on the Muslim ruler to cleanse all state institutions from them and [I mentioned] that all recognized scholars of the Sunnah are united that this party is not from Ahl-us-Sunnah rather, it is a party misguided and deviated from the straight path, and that the figure heads of this party and its thinkers, then their affair usually returns to heresy.

I offered some advices and suggestions and from them: The [official] body responsible for issuing religious verdicts, Da'wah and guidance inside Saudi Arabia to print books and treatises which clarify the reality of these [political] parties and I also advised to cleanse all state institutions from those who ascribe to this party, whilst intensifying the efforts of the body of enjoying the good and forbidding the evil in monitoring and surveilling the youth, as well as intensifying the efforts of the scholars and callers in clarifying the doubts from these parties and confuting them. [I further advised] that it is obligatory upon the rulers to strengthen their authority over the callers and heads of these parties.

I also suggested that Saudi Arabia should select distinguished Salafi callers in other countries who have efforts in warning against the methodologies of these misguided parties; so [Saudi Arabia] can shoulder their support and protection.

And may the peace and blessings be upon Muhammad, his family and his companions.
